What is the process?

Application Process for Establishment of eVAHAN Suvridha Kendra (PUC Centre)

The following step-by-step procedure outlines the responsibilities of the Applicant, the Company, to ensure a transparent and streamlined process for the establishment of PUC Centres under the Saksham Campaign:

Step 1 – Submission of Application

The Applicant shall submit a duly filled application form along with the required documents (Aadhar Card, Educational Certificates, Property/Rent Deed, Photographs of Location, Google Map Coordinates, and Contact Details).

- The Applicant must also indicate three (3) preferred locations for the establishment of the PUC Centre.

Step 2 – Verification & Location Confirmation

- The Company shall conduct a preliminary verification of the submitted documents.
- Based on feasibility and availability, the Company shall confirm one of the proposed locations to the Applicant.

Step 3 – Margin Money Deposit

- Upon confirmation of location, the Applicant shall deposit the prescribed margin money with the Company to initiate the process.

Step 4 – Preparation of PUC Application File & Issuance of NOC

- The Company shall prepare a complete PUC Application File, duly compiled in accordance with State Transport Department guidelines.
- The Company shall also provide the Location NOC (No Objection Certificate) and Lease Agreement to the Applicant.

Step 5 – Loan Facilitation (If Applicable)

In case the Applicant opts for a bank loan and subsidy or similar schemes, the Company shall prepare the following on behalf of the Applicant:

- Loan Application Form
- Detailed Project Report (DPR)
- Quotations and Financial Estimates
- Supporting Documentation as required by the bank/authority
- The Company shall submit the loan application on behalf of the Applicant to the concerned bank/financial institution.
- Once the loan and subsidy are sanctioned, the Company shall proceed with Step 7 (Billing & Dispatch) directly.

Step 6 – Balance Payment / Loan Disbursement

- For self-funded Applicants: The Applicant shall deposit the balance amount into the Company's designated account.
- For loan-funded Applicants: The Company shall receive payment directly from the bank upon loan disbursement.

Step 7 – Billing & Dispatch of Equipment

- The Company shall generate the relevant tax invoices and dispatch the complete set of equipment and kiosk to the Applicant's confirmed location.

Step 8 – Receipt of Equipment & Application for License

- Within ten (15) working days, the Applicant shall receive the equipment at the designated site.
- The Company shall then apply online for the PUC License in the name of the Applicant and hand over the duly prepared Physical Application File.

Step 9 – Submission to Local RTO

- The Applicant shall submit the Physical Application File to the jurisdictional Regional Transport Office (RTO).

In addition to PUC services, the Applicant may also immediately begin offering allied services mentioned below as soon as he receives the equipment.

- Vehicle Insurance
- FASTag Sales
- Roadside Assistance (RSA)
- Tour & Travel Bookings
- Vehicle Cleaning Kits & Accessories
- E-Challan Services

Step 10 – RTO/MVI Inspection & NOC

- The concerned RTO/Motor Vehicle Inspector (MVI) shall visit the site, verify the installation, tally the machine serial numbers, and conduct necessary inspections.
- Upon satisfactory inspection, the RTO shall issue a No Objection Certificate (NOC) for forwarding the case.

Step 11 – Forwarding of Recommendation to State Authority

- The RTO shall forward its recommendation to the State Transport Commissioner (STC) / State Government for grant of license.

Step 12 – Grant of PUC Centre License

- The State Transport Commissioner/State Government shall issue the Pollution Under Control (PUC) Centre License in favour of the Applicant for the approved location.
